Waste Seminar in Rumania

by Andrea Schuster

Berlin/Constanța. ETLog Health EnviroTech & Logistics GmbH is to take part as a keynote speaker at a seminar in Rumania to take place in Constanța in September 2008. The seminar is organized by is the Berlin-based Grüne Liga Berlin e.V. and financed by the Deutschen Bundesstiftung Umwelt.

Between 24 – 27 September 2008, a seminar will be hosted within the framework of the project “Environmental tandems – joint design - qualification of non-governmental organisations in Romania using the example of the waste industry“ in Constanța, Rumania. ETLog Health EnviroTech & Logistics GmbH will hold a lecture on the topic “hospital waste in Europe“ in which they will draw on their long experience in this area. ETLog Health EnviroTech & Logistics GmbH is currently engaged in such projects in Europe, including a project in Serbia.

According to information from the Grünen Liga Berlin e.V., the seminar is to bring together different structures and activities which should help the individual parties within the framework of their interests and planning of activities and lead to dialogue.

The aim of the project, first started in summer 2007 is, according to the Grünen Liga Berlin e.V., to react to the current situation in Rumania regarding waste / waste disposal / waste avoidance.

Rumania became a member of the European Union (E.U.) on 1 January 2007. The agenda for this seminar can be found on the website www.etlog-health.de under the rubric press.

ETLog Health EnviroTech & Logistics GmbH is a specialist provider in the healthcare system. The Berlin-based firm acts worldwide as an advisor to clinics, institutions and ministries regarding the disposal of hospital waste, waste management technology, waste water and aids prevention.
